

Indole Alkaloid and other Constituents from *Ocotea minarum*

Walmir S. Garcez, Fernanda R. Garcez, Lillian May G. E. da Silva and Angela A. Shimabukuro

2005, Vol. 16, No. 6B, 1382-1386

13 R = H
13a R = Me

The structures for compounds **1**, **3**, **5**, **7-10**, **13**, **13a** were missing from the paper and are given above.

An Alternative Approach to Aminodiols from Baylis-Hillman adducts. Stereoselective Synthesis of Chloramphenicol, Fluoramphenicol and Thiamphenicol

Cristiano R. Mateus and Fernando Coelho

2005, Vol. 16, No. 3A, 386-396

The correct presentation of Scheme 1 in given above.

Two Clerodane Diterpenes and Flavonoids from *Croton brasiliensis*

Sebastião Ferreira Palmeira Júnior, Lucia M. Conserva and Edilberto R. Silveira

2005, Vol. 16, No. 6B, 1420-1424.

R = CO₂Me, R¹ = OAc, 8β,H

R = OH, R¹ = CO₂Me, 8α,H

The correct Graphical Abstract related to this paper in given above.
